Environmental Control

Lighting Control

Security System

Internet Access

One Remote control

- Everything at your fingertips**
 A single remote control gives you instant access to all your digital entertainment--TV, DVD movies, home videos, music, photos and FM radio-- through Microsoft Windows XP Media Center Edition 2005.
- Easy Listening**
 Make your own CDs or enjoy the ones you already have. You can even select individual songs, create play lists, or search for music by title, artist and album. It is like having a jukebox right in your living room!
- Movie magic**
 Play your favorites or download new ones--and get ready for crisp, clear images and unbeatable surround sound from your big-screen TV.
- TV on your time**
 Search for and record your must-see TV shows with the included Electronic Programming Guide. You can capture single episodes or entire series onto the 300 Gig hard drive. You will never miss another episode of your favorite show!
- Entertainment on the go**
 Create your own media library when you record TV shows, home videos and music DVDs with the double-layer DVD+/-R/RW drive or sync to your mobile device.
- Focus on fun**
 Transfer your latest and greatest digital photos using the front-panel 9-in-1 memory card reader. Use your remote control to create an impromptu slideshow your family will love.
- Control your environment**
 Set the mood with in-house climate and whole house lighting control.
- Online content just a click away**
 Enjoy the latest hit movies and TV shows downloaded from premium websites or just surf the internet from the big screen.
- Security made easy**
 View cameras, access security PVR, control security from the comfort of your couch.
